Not Paint

With linseed oil at \$1, what sort of oil do you think they use in "paint" at \$1.75 and \$1.50?

That stuff is counterfeit paint. You can cheat yourself; you can't cheat Time or Weather.

Paint is a rubbery coat over wood and iron to keep-out water.

Counterfeit paint may look like it; counterfeit money looks like money.

What are all counterfeits for? They are all alike.

COTTON REPORT FOR TEXAS

Washington, Aug. 1.—A report issued today by the department of commerce and labor shows there were 209 counties in Texas which produced cotton last year. Ellis county is the banner cotton producing county, the yield being 136,427 bales in 1911, an increase over the preceding year of 31,922 bales, or 30.8 per cent. The total production for the state in 1911 was 4,297,245 bales, an increase over the preceding year of 1,224,316 bales, or 29.4 per cent.

PUBLIC NOTICE OF DISSOLUTION.

Notice is hereby given that the partnership between O. E. Saunders and W. A. Leigh, Jr., was dissolved by mutual consent on the first day of August, A. D. 1912. All debts owing to said partnership are to be received by the said W. A. Leigh, Jr., and all demands on the said partnership are to be presented to said W. A. Leigh, Jr., for payment at College Station, where the business will be continued by the said W. A. Leigh, Jr., he having purchased the said O. E. Saunders' interest in the business.

O. E. Saunders,
W. A. Leigh, Jr.

In this connection I wish to state to the public that the business will be continued as heretofore and nothing will be left undone to meet every possible want, and courteous and polite attention is guaranteed to all.

W. A. Leigh, Jr.

Referring to the above notice, I wish to thank the people for the generous patronage accorded the firm of Saunders & Leigh and to ask for my successor a continuance of same.

O. E. Saunders.

State Fair Music.

The famous Conway band, headed by Patrick Conway, will feature the Coliseum programs at the twenty-seventh annual meeting of the State Fair of Texas at Dallas, October 12-27. This band is declared to be the leading musical organization in America, and its leader, although one of the younger spokes of American bandmasters, is spoken of by critics throughout the country as the successor of the late F. S. Gilmore. While Mr. Conway does not in any way lay claim to the Gilmore organization, he has followed very closely that great leader's ideas on three important points, namely: In making up programs to please and interest all classes, in securing the world's greatest virtuoses, regardless of cost, and in accepting as members of his band only musicians of the highest ability and character.

The organization by its splendid renditions of the best in music has attracted a larger following of high class music lovers than any band since the days of Gilmore.

Miss Josephine Dunfee of Ohio is with the band as soloist. Miss Dunfee possesses a vigorous soprano voice and her interpretation of the most difficult compositions is declared a skillful vocal achievement. Technically as well as musically Miss Dunfee is a soloist well worth the hearing. In addition to her musical accomplishments, Miss Dunfee possesses an exceedingly pleasing personality that endears her from the start to her audience and makes her presence upon the stage a delightfully cheerful episode.

Bandmaster Conway will bring several famous instrumental soloists to Dallas. John Dolan, cornet soloist, is acknowledged to be a leader in his profession. Ben Henton, saxophone soloist, is known among saxophone soloists as Conway is among bandmasters.

The Coliseum programs will be featured by vaudeville acts of the highest quality. These entertainments will be free to State Fair patrons and will alone be worth the price of admission to the fair.

Real Estate Transfers.

John McCallum to J. H. Wilcox 126-1-3 acres in the Francis Quoto league; consideration, \$5400.

Squire Harris to O. L. Wilcox, one-sixth interest in 67 acres out of the Mary Lawrence survey; consideration, \$88.

SHERMAN.—The Texas Nursery Company of this city has shipped 50,000 King Hubert cannaes to New York City florists.

Beef Trust Dissolved.

Washington, August 1.—Today seen the last of the National Packing Company, commonly called the "beef trust," as such. The final details of winding up the business and disposing of the assets of the Armour, Swift and Morris interests have been arranged, so that the suit which the government has against the company will be delayed for a while at least. Whether or not the civil suit shall be resumed depends entirely upon future developments in the company, according to representatives of the department of justice. The dissolution of the beef trust follows several governmental attacks upon the "trusts." The National Packing Company is a \$15,000,000 corporation, owned by the big Armour, Swift and Morris interests.

Idaho Host to Governors.

Boise, Idaho, Aug. 1.—The first annual meeting of the Association of Western Governors opened here today, the distinguished visitors being the guests of the state. Politics will be avoided in the discussion, the main subjects to be considered relating to public lands, irrigation, general agriculture and the development of power sites. The organization includes seventeen states, as follows: Kansas, Nebraska, North Dakota, South Dakota, New Mexico, Oklahoma, Colorado, Wyoming, Montana, Minnesota, Arizona, Utah, Idaho, Nevada, California, Washington and Oregon.

Wisconsin Suffrage Fight.

Milwaukee, Wis., Aug. 1.—Beginning today the fight for votes for women will grow in vigor in this state. The suffragists have planned a big campaign and are bringing to the state some of the best known men and women in the country to help their cause. They are planning more speeches by men than by women, and as a result of this policy Mayor George F. Cotterill of Seattle, Wash., arrived here today to campaign for equal suffrage.

Harvester Trust's Answer.

St. Paul, Minn., Aug. 1.—The answer of the International Harvester Company to the suit which the government has begun for its dissolution before the United States district court of appeals, was filed today. The hearings will not begin, however, until the middle of September, when they will be heard by Judge W. H. Sanborn.

Another Capital Increase.

Youngstown, Ohio, Aug. 1.—The stockholders of the Republic Rubber Company met today for the purpose of increasing the capital stock from \$4,000,000 to \$10,000,000. The company employs at present 1500 men. Its principal plant is in Pittsburgh. About eighteen months ago the capital stock was increased from \$2,500,000 to \$4,000,000.

I. & G. N. First Dividend.

New York, Aug. 1.—The International & Great Northern Railway Company, organized last September as successor to the International & Great Northern Railroad Company, which went into receivers' hands in February, 1908, today distributed dividend checks at the rate of 1 per cent on its preferred stock.

LABOR NEWS OF THE WORLD.

Massachusetts will hold a State Labor Congress in Boston, September 16.

More than 120,000 men are employed in the Australian mines, and most of them are union men.

In Japan, for \$20 a month, a man can live on the best the country affords, keep two servants and hire a horse.

The Atlas Portland Cement Company, which operates two large plants, one of which has been idle six months, starts in full operation this week, employing about 600 additional men, at Hanibal, Mo.

Congress has incorporated laws prohibiting the stop-watch and premium bonus systems in government work, and to prevent the employment of enlisted men to do work formerly done by civilian mechanics at navy yards, in the general army and navy appropriation bills.

The government of Queensland has introduced a bill which provides for the secret ballot of all persons concerned in a proposed strike, and makes it compulsory to give a fortnight's notice before striking. The labor unions of the province are not all in accord with the measure.

The granite cutters' union at Lewiston and Auburn, Me., has successfully negotiated a new arrangement with contractors which increases the wage 25 cents a day, and eliminates a machine tool, the use of which is very unhealthy.

The executive council of the International Bookbinders' Union is about to establish a school course in bookbinding. The council has selected an industrial commission from the membership to work out a definite plan, which will be submitted to the next convention of the organization. Schools either for apprentices or for correspondence work will be established in Boston, New York, Chicago, Kansas City, Denver, New Orleans, and either San Francisco or Seattle.

The carpenters' unions in Toronto and the International Brotherhood and the Amalgamated Society of Carpenters have named August 1 as the date when they will expect 45 cents an hour minimum wage instead of the 40 cents an hour they receive at present. The 49 cents an hour they received on May 1 was an increase of 2 cents an hour over the previous existing rate. So that about 1600 laborers who claim the bosses have ignored their requests to be heard on their own behalf for an increase of wages, and over 2000 carpenters who are very doubtful as to whether 2 cents an hour, or 88 cents a week, was enough as a raise this year, are possibilities for trouble in the Ontario city.

SAN BENITO.—Accurate record was kept by the Commercial Club on the products of one of the alfalfa fields near here, and during a period of seven months three cuttings yielded \$190 pounds.

BROWNSVILLE.—The federal agricultural station in this city is experimenting with foreign grasses. The Rhodes grass, indigenous to New Zealand, is one of the most promising varieties under investigation and thrives vigorously in this soil and climate.

GOLIAD.—The Young Men's Business Club of this city has completed arrangements for its initial county fair to be held in September. Suitable prizes will be offered to exhibitors of poultry, livestock and farm products.

BAY CITY.—Twenty silos are now in operation in this section of the country. Sorghum, Egyptian wheat and corn are the basic products used for feed purposes.

BAY CITY.—The construction of a \$20,000 addition to the high school has been completed. The new building will be occupied by the manual training and domestic science departments.

SHERMAN.—It is reported that the Ardmore, Lawton & Duncan railway has started construction work on its extension to this city, a distance of one hundred miles. Further plans for the road is an extension to Des Moines, Ia. The entire line when completed will be 864 miles long.

PARISIAN SAGE FOR WOMEN.

Madam: Do you want an abundance of lustrous hair with no dandruff or germs?

Before you finish one bottle of delightful PARISIAN Sage hair tonic, falling hair will cease; scalp itch will be but a memory and every particle of dandruff will vanish.

Besides this your hair will be free from dandruff germs, and PARISIAN Sage will so nourish the hair roots that the hair itself will become full of life and nature's own radiant beauty.

PARISIAN Sage is not a dye—it does not contain dangerous lead or any other poisonous ingredient. For your own protection ask for PARISIAN Sage and request your dealer not to give you any preparation containing Lead or Nitrate of Silver. Large bottle of PARISIAN Sage 50c at E. J. Jenkins' drug store and dealers America over.

VERIFY IT.

The Proof is in Bryan Almost at Your Door.

The public statement of a Bryan citizen is in itself strong proof for Bryan people, but confirmation strengthens the evidence.

Here is a Bryan citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

P. J. Vytopil, 608 Moseley Street, Bryan, Texas, says: "My back ached and I found it difficult to remain on my feet for any length of time. At night my rest was broken as the result of weak kidneys and I felt miserable. A short use of Doan's Kidney Pills, procured at Emmel's drug store, cured me and I have had no kidney trouble since. I am willing to let others know of the merit of Doan's Kidney Pills."

The above statement was given May 23, 1908, and when Mr. Vytopil was interviewed on December 18, 1911, he said: "I confirm the statement I gave some years ago recommending Doan's Kidney Pills. The cure has been permanent."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
